### Visual Load - Load Optimization Software

Load planning software for the transportation, manufacturing and packaging industries.

- Optimizes plans for single package type and mixed SKU loads
- Loads pallets, trucks, trailers, containers, railcars and air-cargo containers in seconds
- Considers refrigerated cargo
- Visual Check add-on determines HAZMAT compatibility
- Produces step-by-step 'blueprints' of the plan in full-color, 3-D graphics.
- Considers axle weights for specific truck configurations, uses US Bridge Formula
